Psychologist's Statement of Financial Disability

1. I, Dr. Stanley E. Schneider, am a psychologist duly licensed to practice in Pennsylvania.
2. Mr. Carlton H. Stauffer was my patient from 2001 until his death on October 29, 2012.
3. Mr. Stauffer was 84 years old in 2006 and 90 years old at the time of his death.
4. Between 2006 through 2012, inclusive, I treated Mr. Stauffer for his psychological problems which were in addition of a variety of chronic ailments, including congestive heart failure, chronic obstructive pulmonary disease ("COPD"), leukemia, and chronic pneumonia.
5. As a consequence of his advanced age and severe health problems, Mr. Stauffer's mental capacity, cognitive functioning, decision making, and emotional well-being were severely and negatively impacted, and began to decline significantly during 2006.
6. These mental and physical impairments persisted during the period from 2006 through 2012, inclusive.
7. It is my professional opinion that during the period including 2006 until his death in 2012, Mr. Carlton H. Stauffer's physical and mental impairments prevented him from managing his financial affairs.

I hereby certify that, to the best of my knowledge and belief, the above representations are true, correct, and complete.

Signed: 

Dated: 4/9/14
